Summary

I'm a dedicated full stack web developer with more than two years of experience in creating and deploying tools which include CRM for trading website, payment gateway integrations, portfolio websites etc. My expertises are in React, node.JS, Next.JS, PHP and SQL based databases. I'm eager to learn and contribute my skills for the real life problems.

Experience

Web developer (CIIR Solutions Rajpura)

FEB 2022 - Today

- Developed full stack website for forex trading and CRM for the same in integration with MetaTrader APIs, currency conversion tools, payment gateway integration including but not limited to PayPal, Stripe, Help2Pay, Zenpay etc.
- Worked on small single purpose website like PDF signing service website, Tip calculator, Course selling website (similar to Udemy) and few static content based sites
- Created real-time mailbox alerts for hotel booking website using Gmail API

Academics

Currently pursuing Bachalors of Computer Science sixth semester from SVIET, batch 2022-2025. Pursued secondary and senior secondary edutation from NTC Rajpura with 92.6% and 90% overall marks respectively.
